Aimilios Lallas is a Board-Certified Dermatologist-Venereologist at the First Department of Dermatology of Aristotle University in Thessaloniki, Greece.

He is specialized in skin cancer diagnosis with non-invasive techniques, as well as in the management of skin cancer patients.

His main field of research interest is dermoscopy of skin tumors, the application of the method in general dermatology and the improvement of the management of oncologic patients. He is an author of 198 scientific papers published on Pubmed Central, most of them on dermoscopy and skin cancer, and several book chapters on dermoscopy. He is a co-investigator in several Phase III Clinical trials on skin cancer treatment. He has been awarded several scholarships and scientific awards.

Over the last years, Dr Lallas has established scientific collaboration with numerous colleagues from several countries and supervised several fellows on skin cancer diagnosis and management. He is invited speaker in several domestic and international congresses and meetings, mainly on dermoscopy and on skin cancer diagnosis and management. He is particularly involved in teaching activities on dermoscopy, having organized and participated in numerous domestic and international courses.

Dr. Lallas is currently the General Secretary of the International Dermoscopy Society. He is also the Secretary of the 5th World Congress of Dermoscopy to be held on 2018 in Greece.
